## **Supplemental Educational Services Handbook**

A guidebook for parents and guardians

2011 - 2012

Dear Parent or Guardian:

As part of Danville Public Schools' effort to improve academic performance and student achievement, the division will be offering Supplemental Services (SES) to eligible students. This program offers families a chance to have their children receive free academic tutoring outside the regular school day. These tutoring services may be scheduled at a time that works best for you and your child.

Enclosed is a directory of the state-approved providers that offer tutoring in our area. I invite you to review the list and make an appropriate selection for your child. Please contact the school, if you have additional questions regarding the SES process.

The administrative and teaching staff at your child's school will be sharing additional opportunities for academic assistance throughout the school year. I encourage you to take advantage of these opportunities for your child. By working together, we can ensure the academic success of your child.

Sincerely,

Andrew Tyrrell  
Assistant Superintendent

## **Supplemental Educational Services Frequently Asked Questions**

Public Law 107-110 *No Child Left Behind Act (NCLB)* requires annual testing to measure student progress in reading and math. Schools are required to meet annual objectives for student performance, known as Adequate Yearly Progress (AYP). Schools that do not meet the Virginia Department of Education standards for AYP are required to provide educational support for eligible students.

The following information explains the supplemental educational services for reading that are available for eligible students at G.L.H. Johnson, Park Avenue, WT Lea and Woodberry Elementary schools.

**1. What are Supplemental Educational Services (SES)?**

SES is free, extra academic assistance that the school division is providing to your child to help improve his or her academic performance. SES must take place outside of the regular school day by State approved providers.

**2. When will SES be offered to students?**

SES will be offered to students starting in November of 2011.

**3. Can every child receive SES?**

Eligible students are all students from low-income families who attend Title I schools that are in their second year of School Improvement.

**4. How will my child receive SES?**

SES approved providers offer a variety of services in a variety of locations. Some providers offer web-based (Internet) services, some come to the student's home, and others provide services at school or other community buildings. The location of the providers' location of service can be found on the Academic Tutoring Application.

**5. How do I select an SES provider?**

Review the attached selection form and those providers that have shown interest in providing services in Danville. Then select a provider that serves your child's grade level and provides instruction to assist your child pass the state Standards of Learning (SOLs) tests. As you make your selection, consider how the services will be delivered; some services require your child to have access to a computer with an Internet service to receive the assistance.

**6. What questions should I ask the SES provider?**

- Where and when is the tutoring offered?
- How many times per week?
- Who tutors students?
- What are their qualifications?
- How do I know the services are effective?
- How will you inform me of my child's progress?

**7. What are the parent's responsibilities for SES?**

The parent or guardian is responsible for ensuring attendance at the scheduled sessions after enrollment is confirmed and provide transportation if necessary. **Danville Public Schools can not pay for transportation.**

**8. How do I sign up my child for SES?**

Complete an Academic Tutoring Application by indicating your 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> choice of a SES provider from the list on the Academic Tutoring Application and return the application to the school. Once the provider is selected and confirmed, the parent will complete a Tutor and Parent Agreement form.

**9. What is the deadline for applying?**

If you decide you want your child to receive SES, please submit your application to the school by **Friday, October 28, 2011. Additional enrollment opportunities will be provided for eligible students.**
