Supplemental Services
Academic Tutoring Application

Please complete this form and return it to the school office as soon as possible so tutoring services can begin. Families are responsible for transportation and attendance at scheduled tutoring sessions with the supplemental Education Services Provider. Eligible students are students who qualify for free and/or reduced lunches (approved Free and Reduced Application on file). Funds for SES are set aside by the school division. Priority is given to the academically lowest-performing eligible students if the demand for SES tutoring exceeds the funds available to serve all eligible students requesting SES.
