**Public Schools**  
*Innovative Learning Community*

October 14, 2016

Dear Parents and Guardians of GLH Johnson Elementary School,

This letter is being sent to announce that Ms. Tonya Jackson, Administrator at GLH Johnson Elementary School, has been reassigned to the position of Administrator on Special Assignment in the Danville Public Schools (DPS) Department of Instruction. This reassignment is effective October 17, 2016.

As Superintendent of Schools, any staff reassignment is to align skills with identified school division needs. The purpose of this reassignment is consistent with this goal. In the interim, Mr. Arnold Woody, a former Danville Public Schools administrator, is assisting Ms. Lisa Totten, Assistant Principal of GLH Johnson Elementary, with carrying out the administrative duties at GLH Johnson.

My decisions resulting in the reassignment of staff are always aimed at minimally impacting school climate *and* improving learning for every student. I am confident that with your continued support, encouragement of your child and children, and ongoing engagement with the school, we will continually improve learning for each and every child at GLH Johnson Elementary School.

Respectfully,

Stanley B. Jones, Ed.D.  
Superintendent of Schools
